

Professional Responsibility and Ethics

Truth

- **Always tell the truth no matter the outcome**
- Telling the truth can be a very hard thing to do, because it could cause you to lose your job.

Laws

- **Follow the laws of the country you are in**
- A national law can be tough on a project, but must be followed
- Always stay respectful of another country's culture or customs

Gifts and Donations

- **Gifts and donations are not to be accepted unless it is a custom or a law of the country**
- While getting a gift at the start or end of a project may sound good, but it can cause you to lose your integrity if you decide to receive the gift

Conflicts of Interest

- **Conflicts of interest must be reported to higher management**
- No need to stop the project work

Permission

- **If you feel you might need to get permission to use something, get it, or don't use it.**
- Don't use copyright works without permission

PMI

- **Any misrepresentation of PMI must be reported to PMI**
- Any time you feel that someone is doing something that could harm PMI, then you need to report him/her to PMI
